

Product Guide

Vx610G

The Vx610G is a feature-rich timekeeping solution that offers employers a wide variety of valuable labor management technologies through a practical timekeeping device.

The Vx610G offers complete portability for employee punching with the convenience of cellular (GSM wireless) connectivity to the Web in real-time and an on-board battery for an extended onsite punch collection. It's the perfect fit for punching in the field and on location.

Features

- Portable, cellular connection
- Magnetic stripe card slot
- Analog connection
- Onboard punch ticket printer
- PIN Entry
- Pro wall mount
- WebClock optional

Solution

A low-maintenance solution that gives supervisors the visibility needed to track their "on the job" workforce from the office, such as who has clocked in, who is absent, what jobs are covered, etc.

Portable, Cellular
Timekeeping

GSM Support

With an onboard battery, the Vx610G is compatible with the widely-available GSM network including Verizon, AT&T, and T-Mobile to transmit employee punches.
